International and Offshore
Petro-Canada

Tel: +44 (0) 207 105 6300

Fax: +44 (0) 207 105 6806

Education:

B.Sc. in Chemical Engineering from the University of Calgary.

Professional Experience:

Gordon Carrick is Senior Vice-President, Operations and Technology based in London, England. He is responsible for operations and technology for the International and Offshore business unit, covering four regional areas – East Coast Canada, North Africa/Near East, North West Europe, and North Latin America.

Prior to his appointment in April 2005, Mr. Carrick was Vice President, East Coast for Petro-Canada in St. John's, Newfoundland, where he was responsible for the management of Petro-Canada's assets offshore Newfoundland and Labrador and Nova Scotia.

In early 2002, as Vice-President, Mr. Carrick was Asset Manager for Terra Nova, where he steered the project through the crucial final stages of construction, commissioning and start of production. While in Newfoundland, Mr. Carrick also held the following posts: Vice-Chairman of Newfoundland Symphony, Chairman of Canadian Association of Petroleum Producers, Atlantic Canada, and Board Member of Atlantic Provinces Economic Council.

Prior to arriving in St. John's in late 2000, Mr. Carrick was Production Engineering and Operations Manager for Western Canada, and Director of Strategic and Financial Planning for the company.

In his 25 years with Petro-Canada, Mr. Carrick has also managed a variety of field operations in Western Canada and worked offshore Newfoundland and Nova Scotia during drilling operations in the 1980's.
